Instructions

Each block is constructed using four foundation A pieces, four Foundation B pieces, eight of each solid white HST and rectangle, and 8 rectangles from a single print. All pressing is done with a dry iron until the paper is removed.

1. Lay the print 2 1/2"x 2 3/4" rectangle right side up on the blank side of the paper. Hold the paper up to the light and adjust the rectangle so that it is centered over Section 1 of the template, and that there is at least 1/4" extending over the printed sewing lines into the neighbouring sections as shown. Pin the rectangle in place on the paper.

2. Place a 2 1/2"x 3 1/4" white solid rectangle right side together on top of the print rectangle, matching the raw edges. Check again to make sure the fabric extend 1/4" past the drawn sewing line between section 1 and 2. Sew on the line, through both seam allowances. Press the white rectangle down so that it covers Section 2 on the template.

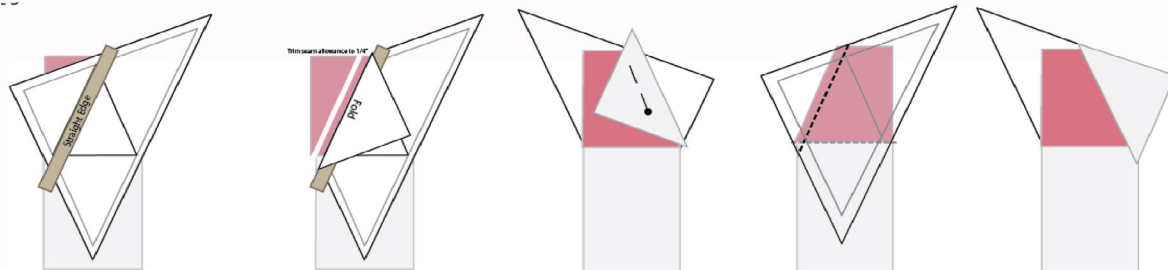

3. Fold the paper back on itself along the printed line between Section 1 and Section 3. Use a hard straight edge, like a piece of template plastic or a bookmark, lined up with the line to fold to make the to make it easier and accurate. Trim the seam allowance to 1/4" and unfold the paper.

4. Take a 2 3/4" white solid HST and place it right side down, so that the diagonal raw edge is matched with the trimmed seam allowance of Section 1/3. Sew on the line, through both seam allowances. Press the white HST down so that it covers all of Section 3.

5. Fold the paper back on itself along the printed line between Section 1 and Section 4. Trim the seam allowance to 1/4" and unfold the paper.

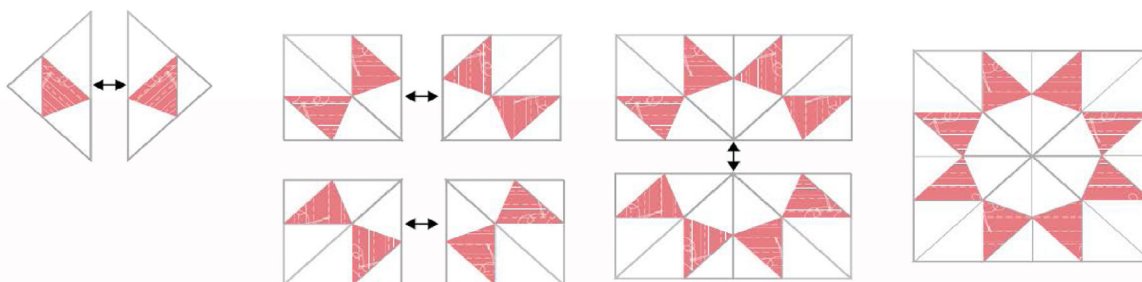

6. Take a 3 1/2" white solid HST and place it right side down, so that the diagonal of the triangle is at the top of the piece and pointing away from Section 4, and the straight raw edge is matched with the trimmed seam allowance of Section 1/4. Sew on the line through both seam allowances. Press the white HST down so it covers all of Section 4.

7. Trim the excess paper and fabric from each piece, cutting on the line around the template. Remove the papers from each section.

8. Sew the Foundation A pieces to the Foundation B pieces right sides together along the diagonal line to make the quarter squares. Sew the quarter squares together into pairs, and the pairs together into the full block. Trim and square the blocks to 8 1/2". Use steps 1-8 to make the following blocks:

- 4 blocks of 40446-3 Jade
- 2 blocks each of 40446-3 Pink, 40449-5 Green, 40449-6 Coral, 40450-4 Green, 40450-6 Coral, 40450-5 Lilac

9. Sew the blocks together into rows of four, and then sew the rows together into the quilt top. Sew the 40450-4 Black border strips to the quilt top, matching centers and ends, and then sew the 40447-x Multi border strips to the quilt top, matching centers and end. Pay close attention to the layout diagram for color placement of the blocks and the orientation of the 40447-x Multi border strips.

10. Layer the quilt top with batting and backing; baste. Quilt as desired. Using the 40447-4 Black 2 1/4" wide binding strips, sew around the quilt top. Turn the binding to the back and secure in place by hand or machine. Label and enjoy!
