Be sure to read through instructions before beginning. Yardage is based on 42" of usable fabric width. All strips are cut across the width of fabric (WOF). Cutting instruction include 1/4" seam allowance. Press all seams as you assemble your blocks. Borders are pieced strips, trim after sewing to quilt and save trimmed pieces to add to another border strip. **Due to variation of seam width always measure length/width of quilt edge before cutting border.**
