GENERAL INSTRUCTIONS:

Read all instructions first!

Use 1/4" seams unless directed otherwise.

STEP 1: CUT FABRIC

Fabric A:

Cut (2) 36 1/2" x WOF strips rectangles

Fabric B:

Cut (3) 15 1/2" x WOF pieces

Fabric C:

Cut (3) 1 1/2" x WOF strips

STEP 2: PIECE TOGETHER BACKGROUND STRIPS

*Use a larger than 1/4" seam for the sewing in this step, then trim off the selvedge after piecing.

Piece together the two Fabric A pieces, right sides together along one selvedge edge. The resulting piece will be 36 1/2" x approximately 86". Trim the width down to 52". (The finished piece will be 36 1/2" x 52".) Save the remaining piece to use for the nautical flag backings in step 5.

Piece together all the Fabric B pieces, selvedge to selvedge to make one long strip. Subcut this 15 1/2" strip into two 52" long pieces.

Piece together all Fabric C strips, selvedge to selvedge to make one long strip. Subcut this 1 1/2" strip into two 52" pieces.

STEP 3: APPLIQUÉ AHOY

Prepare AHOY appliqué by tracing the letters onto the paper side of the fusible fabric adhesive using a pen or pencil. Roughly cut around the traced letters. Following the manufacturer's instructions, iron the fusible side of the fabric adhesive onto the back of Fabric D. Cut the letters out on the traced line and peel off the paper backing. Place letters as desired onto one of the Fabric B Strips. Starting on a straight section of the shape, stitch around each letter, pivoting on corners and curves as needed.

(If you want a slightly frayed edge, use a straight stitch 1/8" inside the letters. For a more finished look use a satin stitch.)

STEP 4: CREATE ANCHOR

Using the 5" squares you cut out, piece together a large 9 square x 9 square patchwork piece. (You will have a few extra squares when finished.)

Cut out all anchor pattern pieces. Match up pieces as shown on first pattern page, tape together, and cut out. Lay out the anchor pattern onto the patchwork square that was just completed. Pin well and cut out anchor shape from large patchwork piece. Lightly spray the wrong side of the anchor and baste to the large background piece made from Fabric Starting on a straight section of the shape, stitch around each letter, pivoting on corners and curves as needed.

Step 5: Make Nautical Flags

Follow individual instructions for piecing each flag front found on the Nautical Flag Diagram Page.

From the remaining main background piece (Fabric A 37380-3 White) cut out (7) 5 1/2" x 8 1/2" rectangles. After completing all flag fronts, press well, then use each front as a pattern to cut out a corresponding back from the 5 1/2" x 8 1/2" rectangles. Pin in place, trim around the flag front so that the backing matches the shape. Stitch around each flag, leaving the top of each one open. Turn right sides out and press well.

Make 60 inches of 3/4" wide bias binding, insert the top of each flag into the binding and sew shut making a banner with the flags. Baste banner to the top edges of the remaining 15 1/2" x 52" Fabric B rectangle.
