Making the quilt:

1. Cut a 7 1/2" square out of template plastic. Carefully center the template on top of one of the "days" and make marks that will let you place the template in the same place on each one of the "days".
2. Carefully trim each "day" to 7 1/2".
3. Put the "days" in order from 1 to 12. Sew 1, 2, 3, and 4 into a row.
4. Make two more rows using the rest of the "days".
5. Sew the three rows together.
6. Measure the center. It should be 28 1/2" x 21 1/2".
7. Sew the "music" border to the top and the bottom of the center.
8. Add the gold border to the sides.
9. Add the gold border to the top and bottom.
10. Repeat with the other borders as listed on the cutting chart.
11. Using the "Merry Christmas" graphic provided, turn the lettering upside down and with a light box or window, trace the letters onto the paper side of double sided fusible (such as steam a seam). Follow the manufacturer's directions for fusing.
12. Carefully cut out the letters and fuse to the top border of the quilt. Follow the placement as shown in the picture.
13. Create a sandwich of the top, batting and backing.
14. Quilt as desired, but I would suggest stitching the edges of the letters down and once again echo the letters about 1/16" outside the letter. This technique will make the letters stand out nicely.
15. Trim and bind.
16. Hang on the wall impress your family and friends by knowing all the words to "The 12 Days of Christmas!"
17. Enjoy!
