White Center

Cut (42) using the template provided.

White Background

Cut (42) using the white background template provided. *Please note that this piece is 1/2 the size so be sure to cut on fold as indicated.*

Take one fruit slice and one white center; with right sides together, pin carefully around the center curve and clip white center seam allowance to make sewing easier. Machine stitch, press flat. Take the white background and with right sides together, join to the outside edge of the fruit slice. Clip seam allowance for easier sewing around the curve of white background if necessary. Press Flat. You have now created one 9" block.

Repeat this step until you have (42) Blocks.
At this point it is good to check the measurement of each block to be 9 1/2" x 9 1/2". Trim accordingly.

Final Assembly:

The blocks will be joined in rows.
Following the Assembly Diagram on the next page, line up your blocks using the orientation and block letter as indicated for color / pattern placement.

When you have completed each of the 7 rows, sew the rows together.

Add batting and backing. Quilt using you favorite method.

Bind and Enjoy!
