5" x 8" piece of 37464-4, 37466-3, and coordinating pink solid for appliqué

Enough 37461-2 to cut out a S, M Tu, W, Th, F, and S for the days of the week appliqué

37462-X to cut out two icons for either side of the Menu appliqué

Other Notions and Supplies:

6" strip of grosgrain ribbon in a coordinating color

18" of 1/2" wide velcro, cut into 1/2" squares

1/4 yard Heat N Bond Lite

(1) 20" x 25" piece of fusible fleece

12" square of Chalk-cloth oilcloth fabric (Cut 1 1/4" circles using the circle pattern.)

General Instructions

Complete all piecing with 1/4" seams. In Step 4 you'll use 1/2" seams to attach the back.

Step 1: Make Bottom Pocket

Piece together the (2) 4 1/2" x 19 1/2" rectangles with the small 1 1/2" x 19 1/2" strip in the center. Fold wrong sides together and press.

Step 2: Appliqué

Prepare the Heat N Bond Lite by tracing the letters, spoon, and fork onto the paper side of the fusible fabric adhesive using a pen or pencil.

Roughly cut around the traced shapes. Following the manufacturer's instructions, iron the fusible side of the fabric adhesive onto the back of the fabrics for each shape.

Cut the shapes out on the traced line and peel off the paper backing. Layout the fork and spoon shapes onto the pocket front, and the MENU letters onto the white 4 1/2" x 19 1/2" strip.

Also iron on Heat N Bond Lite to the back of the shapes you chose for the MENU section (I chose the heart and flower). Iron the Heat N Bond Lite to the back of the fabric with the day of the week names on them. Cut out a S, M, Tu, W, Th, F, S for the days of the week.

Use the iron to press the images onto the pieces to secure the shapes in place. Starting on a straight section of the shape, stitch around each letter, pivoting on corners and curves as needed. Unfold the pocket piece to appliqué on the spoon and fork, then fold back down when completed to conceal the back of the stitching.

(If you want a slightly frayed edge, use a straight stitch 1/8" inside the letters. For a more finished look use a satin stitch or an appliqué stitch.)

Step 3: Piece Together

Before piecing everything together we need to make and baste the pen loop in place, as well as the ribbon piece that will hold the notepad:

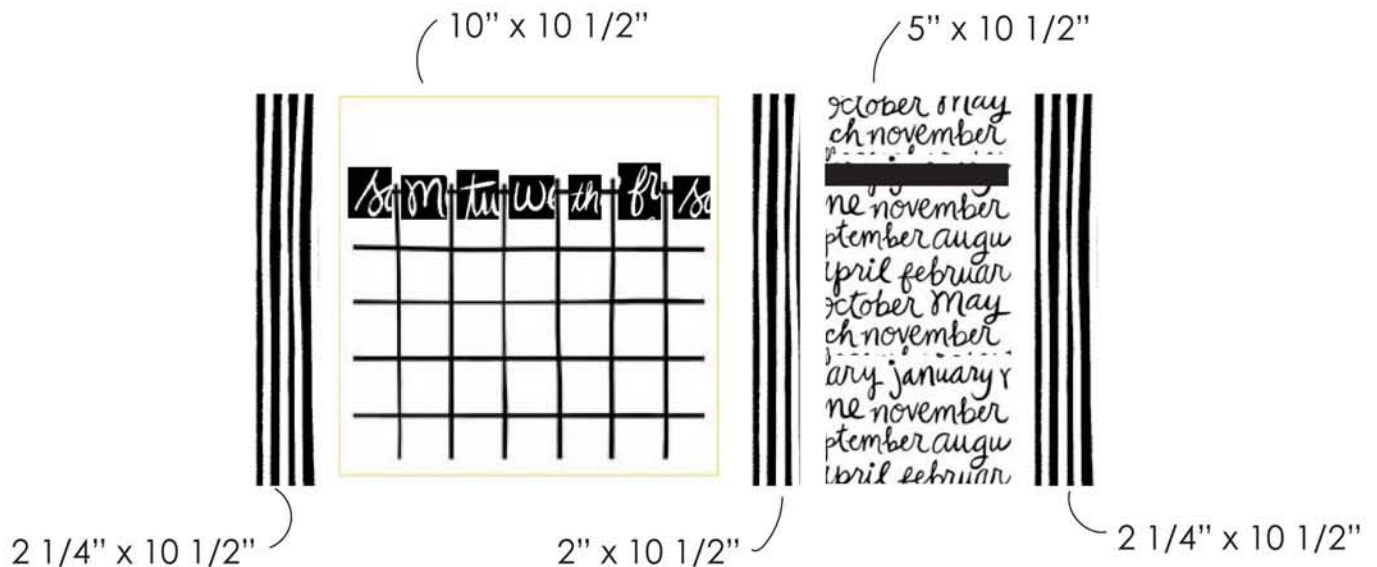

To make the pen loop fold over both $1\frac{3}{4}$ " edges of the $4\frac{1}{2}$ " x $1\frac{3}{4}$ " rectangle cut from 37465-1 $1\frac{1}{4}$ ", then an additional $\frac{1}{4}$ " to make a small hem. Stitch down along both edges. Then fold wrong sides in half so that you have a loop. Baste the long edge to hold in place.

With the 5 " x $10\frac{1}{2}$ " rectangle cut from 37465-1, measure up $8\frac{1}{2}$ " from the bottom and make a mark. Baste the ribbon/twill tape edges, lining up the top of the ribbon with the marked line.

Piece together following the diagrams below. We'll piece the center part together, add the top and bottom strips, then baste the pocket in place:

After piecing the middle, add the strips to the top and bottom. Center the pen loop inside the seam over the note pad holder.

 1 3/4" x 19 1/2"

 2 1/2" x 19 1/2"

 6 3/4" x 19 1/2"

With the pocket folded in half, baste the side and bottom raw edges to the bottom of the organization center.

Stitch one velcro square centered within each calendar square.

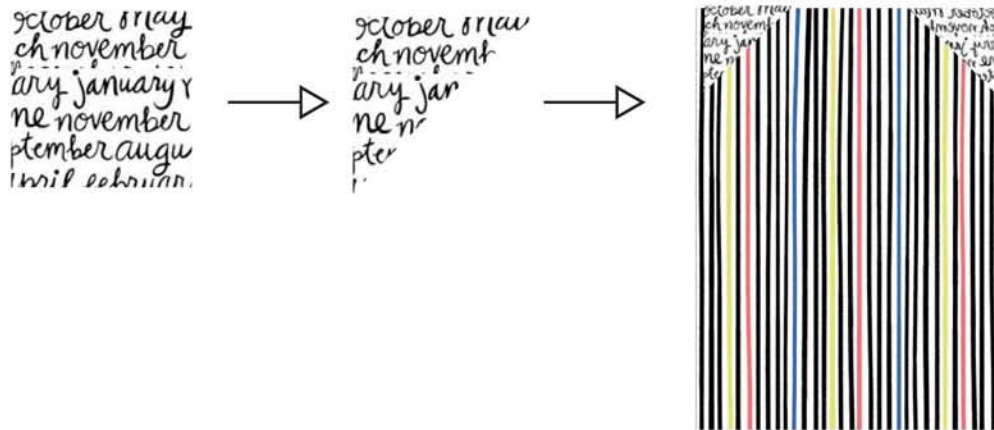

Step 4: Attach Back and Hanging Pockets

Iron the piece of fusible fleece to the back of the organizer front, then trim away any extra fleece. Fold each 3" square, wrong sides facing each other, on the diagonal and press. Line up the folded square in the corners of the back piece (fabric 37463-X) and pin in place.

Diagram on next page.

Place the back and front (with fusible fleece) right sides together, pin, and sew around all edges using a 1/2" seam. Leave a 4"-5" opening along one edge. Turn right sides out, press well, and edge-stitch or hand-stitch the opening shut. Use a hot glue gun to glue the opposite of the velcro piece to the back of each chalk-cloth circle. Cut a dowel rod 18" long, insert into the two little pockets made by the folded squares on the back, hang, and start planning!

*The notebook is a smaller size that I had an office supply store cut down to 4" wide for a nominal fee.
