## Quilt top construction:

When you have completed all of the 16 Call of the Wild blocks, you are ready to sew your quilt top together. Arrange the blocks on a design wall or the floor in four rows of four blocks each. Alternate A and B blocks as shown in the quilt assembly diagram. Be sure to evenly disperse colors and textures so that your eye is constantly moving. When you are ready to sew your top together, sew blocks together in rows, pressing seams open. Then sew rows to rows, pressing seams open.

## FINISHING YOUR QUILT:

Quilting and other finishing elements are a very important part of your completed project! The Call of the Wild fabrics and pattern are relatively busy and lend themselves well to a free-hand or pantograph all-over quilting design. We chose a neutral thread that would add plenty of texture but not detract from the piecing or drama of the fabrics.

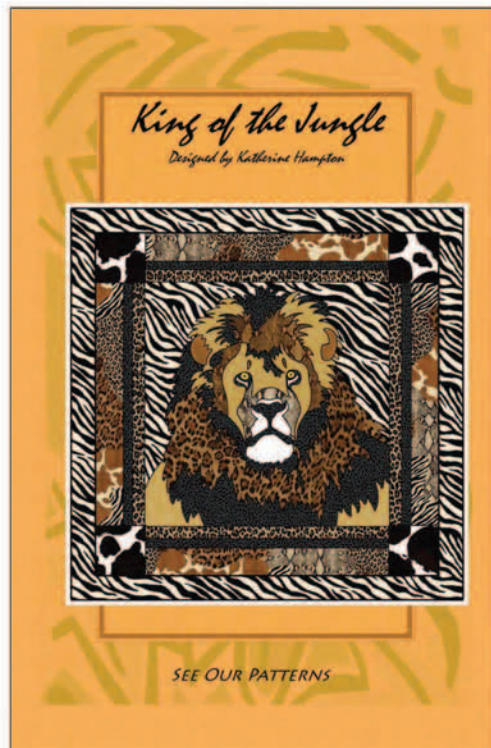

To bind your quilt: Cut 5 strips at the desired width. We attached our binding by machine and finished it by hand.

ENJOY!
