Finishing

Layer table runner, batting and 25" x 61" backing, wrong sides of fabric both toward batting and baste. (Apply a thin coat of adhesive spray between layers to hold in place.) Hand quilt, machine quilt or tie as desired. Sew (4) 2-1/4" x WOF binding strips together at the ends using a bias seam, press the strip in half lengthwise. With the raw edges together with edges of runner, stitch 1/4" from edge all the way around the runner, folding beginning end in about 1". Overlap the other end about 2" when you reach the beginning of the binding. Fold binding over raw edges to the back of runner and hand stitch folded edge in place. Label your work with a signature and date. For assistance with quilt finishing refer to a good basic quilting technique book.

PLACE MATS (4)

Layer each of the remaining (4) log cabin blocks and (4) 21" backing pieces with batting in the same manner and bind with remaining binding strips to finish.
